Brainstorming & Idea Prioritization Template

Date	20 October 2026
Team ID	Individual project (no team)
Project Name	Personalized Travel Itinerary Planner
Maximum Marks	3 Marks

Step 1: Brainstorm and Idea Listing

Individual project. All ideas were listed by the sole team member, Nandini Bhardwaj, from the capstone options available on the SmartBridge platform.

S.No	Team Member	Idea / Suggestion	Category	Group No.
1	Nandini Bhardwaj	Multimodal Attendance & Engagement Agent	Computer vision / multimodal	1
2	Nandini Bhardwaj	Food Verse AI - multimodal food intelligence agent	Image + text AI	1
3	Nandini Bhardwaj	Multimodal Construction Intelligence Platform	Image + text AI	1
4	Nandini Bhardwaj	CrimeVision AI - multimodal forensic analysis	Image + text AI	1
5	Nandini Bhardwaj	Personalized Travel Itinerary Planner	Text generation / planner	2
6	Nandini Bhardwaj	Extra feature idea: group trip planning with combined preferences	Feature extension	2

Step 2: Idea Prioritization

Group No.	Final Idea	Feasibility (High/Medium/Low)	Importance (High/Medium/Low)	Priority	Selected (Yes/No)
1	Multimodal image-based agents (ideas 1-4)	Low	Medium	2	No
2	Personalized Travel Itinerary Planner (idea 5), group planning kept as a future feature (idea 6)	High	High	1	Yes

Reason for selection: the travel planner needs only a text LLM, a small database and standard web hosting, so a complete, deployed full-stack product was achievable within the capstone deadline. It also covers all three example scenarios in the project brief (solo traveller, couple, group).
